

# Comsen Powerhead C1 100

The C1 100 is the earlier version of the current C2 100 pole mounted model. Customers continue to select this model when they want to match with existing C1 100 assets and require only 1 or 2 outlets. Price is marginally cheaper. New heads only can be ordered to replace non-compliant boxes. The powerhead is connected by a cast alloy pipe cone straight onto existing 60mm OD water pipe. Pipe cone and socket set grub screws are included in the price.

## Features:

- Impact and UV resistant non-corrosive PVC body with a 20 year guarantee
- Proven in the field under the harshest weather conditions
- Design provides resistance to vandalism
- Proven watertight with RCBO's fitted inside the weatherproof, IP66 rated enclosures
- Access for electricians to all 15amp power outlets and electronics
- Sturdy powder coated cast alloy pipe cone base for easy connection to existing posts
- Modular system design allows for the addition of basic services
- Quality electrical components and safety switches providing reliability with a 5 year warranty
- Paperbark colour to blend with the outdoor environment
- All parts moulded and certified to ISO quality manufacturing standards in Australia
- Design and electronics fully compliant to the Australian/ New Zealand Standard – Electrical Installations (Caravan Parks) AS/NZS 3001:2008
- All spare parts available and listed on [www.comsen.com.au](http://www.comsen.com.au)
