

## Comsen Powerhead

# C2 500PC

The C2 500PC model has been designed to give an option in-between the pole mounted power head and a full long bodied pedestal model. If water is not required and metering is an important requirement, this half bodied model provides the room to include your choice of meters. Economical and easy to read approved panel mounted meters can be fitted. Or you can opt for the newly approved single pole din- rail meters. You also have room to add controllers for a remote meter reading system now or later. The modular system half body is connected with a Pipe Cone onto a 500mm powder coated aluminum pole and secured with four bolts.

### Features:

- Impact and UV resistant non corrosive PVC body with a 20 year guarantee
- Proven in the field under the harshest weather conditions
- Design provides resistance to vandalism
- Proven watertight with RCBO's fitted inside the weatherproof, IP66 rated enclosures
- Easy access for electricians to all 15amp power outlets and electronics
- Sturdy powder coated cast alloy pipe cone base for easy connection to existing posts
- Modular system design allows for many customised service combinations to suit needs
- Quality electrical components and safety switches providing reliability with a 5 year warranty
- Paperbark colour to blend with the outdoor environment
- All parts moulded and certified to ISO quality manufacturing standards in Australia
- Design and electronics fully compliant to the Australian/ New Zealand Standard – Electrical Installations (Caravan Parks) AS/NZS 3001:2008
- All spare parts available and listed on [www.comsen.com.au](http://www.comsen.com.au)

### Available optionals:

- Additional Power Outlets up to 8
- Additional Safety Switches up to 8- circuit breakers (RCD/MCB)
- Add a Light – 6000K LED with Diffuser
- Add a PE cell to control light
- Add up to 4 approved panel mount or din-rail Meters for user pay power
- Add Locks to the latch doors to prevent unauthorised access
- TV outlets
- Phone outlets
- Data outlets
- Custom height pole up to 1000mm
- Remote metering controllers to link with Comsen Remote Meter System

Comsen custom Australian made service pillars provides power, light, water, television, phone, data, meters and internet access solutions for any Caravan Park.
