

Comsen Pedestal M2 1000

This tried and tested marine power pedestal has stood the test of time. The M2 1000 modular design continues to provide all services offered by the modern marina. Importantly it remains easy to retrofit new services that may be required well into the future. Buyers usually choose this model when they want to provide 15amp outlets, higher ampage outlets, water, light, meters and remote meter reading.

Features:

- Impact and UV resistant non corrosive PVC body with a 20 year guarantee
- Proven in marinas under the harshest weather conditions
- Design provides resistance to vandalism
- Proven watertight with RCBO's fitted inside the weatherproof, IP66 rated enclosures
- Easy access for electricians to all power outlets and electronics
- Modular system design allows for many customised service combinations to suit needs
- Quality electrical components and safety switches providing reliability with a 5 year warranty
- White or paperbark colour to blend with the outdoor environment
- All parts moulded and certified to ISO quality manufacturing standards in Australia
- Design and electronics fully compliant to the Australian/ New Zealand Standard – Electrical Installations (Marinas and recreational boats) AS/NZS 3004.1:2008
- All spare parts available and listed on www.comsen.com.au

Available optionals:

- Add 15amp Power Outlets up to 4
- Add 32amp or 63amp 3 Phase Outlets
- Add a PE cell to control light
- Add up to 4 approved Din- Rail kWh Meters for user pay power
- Add water meters for every tap
- TV outlets
- Phone outlets
- Data outlets
- Remote metering controllers to link with Comsen Remote Meter System

Comsen custom Australian made service pillars provides power, light, water, television, phone, data, meters and internet access solutions for any Jetty or Marina.
