

Comsen Pedestal MIX 700

This ultra-modern unit will aesthetically compliment any private pontoon. The EXTREME provides essential services including power, water and light. Pontoon units are designed for the Australian market from marine grade aluminum anodised to 25 microns for extreme durability. A robust lockable 15amp 56IP rated switched power outlet is included with RCD protection coming from the home or office circuit. Power can be controlled at the main switchboard or at the jetty. One switched outlet, plus 1 tap on the back of the pedestal, and a Low Voltage LED light are standard features. A photo light sensor PE cell to control turning the light on and off automatically can be added for \$49+GST

Retail Price
\$679 + GST
