

# Comsen Extreme CX 1200W

This ultra-modern ecofriendly unit will aesthetically compliment any new Caravan Park project or upgrade and sets new standards for the industry. The EXTREME provides all the essential services for now and many years to come. The service pillars units are designed for the Australian market from marine grade aluminum anodised to 25 microns for extreme durability. Robust 15amp 56IP rated power outlets are individually protected by RCBO. RCBO's are fitted inside the weatherproof, IP66 rated enclosures. Extreme units are available in a standard width which suits most park services or wide model to accommodate extra water or outlets.

## Features:

- Extremely strong, salt and sea air corrosive resistant marine grade anodized aluminum to 25 microns
- Design provides resistance to vandalism
- All anodised aluminum parts guaranteed for 20 years
- Proven in the field in caravan parks under the harshest Australian weather conditions
- Proven watertight with RCBO's fitted inside the IP66 weatherproof enclosures
- All 15amp outlets with spring loaded flaps and IP66 ingress rated
- Safe and easy whole side panel access for electricians to access all services
- Quality electrical components and safety switches providing reliability with a 5 year warranty, 3 years with LED's
- Extreme safety is achieved as all internal electricals are fully enclosed and double insulated
- EXTREME incorporates a cost efficient, maintenance free and super long life LED Light
- The non-intrusive LED lighting improves security and safety for night time arrivals and activity
- Design and electronics fully compliant to the Australian/ New Zealand Standard – Electrical Installations (Caravan Parks) AS/NZS 3001:2008
- All spare parts available and listed on [www.comsen.com.au](http://www.comsen.com.au)
